

台大醫研發分處第一共研冷凍電子顯微鏡核心公告
National Taiwan University Cryo-Electron Microscopy Core
Announcement (114-06-18)

Regular education and training course notice (# 114-06-001 English):

This education and training course is advanced level (II) course (in English). The start date is July 16, 2024, and the location is the first core labs on the 14th floor of the Basic Medicine Building, National Taiwan University School of Medicine. Registration is open now and the deadline is July 09, 2024 at midnight 24:00. Anyone who are willing to participate in the course, please fill in the registration form (as below) and send it back to ganguangliou@ntu.edu.tw.

Statement:

1. The center's regular education and training courses (in Chinese or in English) will be held on the third Wednesday of each month. The content includes two parts: lecture and practice. Each time lasts for two to three days, divided into basic, advanced and Advanced courses are taught sequentially. If there are many students/RAs in urgent need, the core can coordinate and add temporary training courses.
2. This advanced level (II) course will focus on the pretreatment of cells or macromolecule samples for electron microscopy examination. The practical course uses one-on-one teaching to help users familiarize with the operation of related equipment at cryo-EM core. Due to the limitation of equipment and working space, the maximum number of members for this course is 18. This hands-on training part course will last 2 hours for each person. The time and location of this course will be notified separately.
3. The course announcement will be announced one month before the class start date. If there are equipment or other unexpected reasons during the period of course, another schedule will be arranged. The registration deadline is one week before the course start date. If no one attends this course, the instruments used in this course will be reopened to users for application from the day after the deadline.
4. If you have any questions, please contact the center via 02-23123456 ext 288375 or ganguangliou@ntu.edu.tw, thank you!
